## STOP HAVING INDIGESTION AND ENJOY WHAT YOU EAT

To enjoy food and at the same time derive proper benefit therefrom, your stomach must be in a healthy condition. If your stomach is upset and out of order half of the time, choice foods will fail to tempt you. A bad, out-of-order stomach is a forerunner of many serious diseases. When you feel run down and half sick, have a bad taste in the mouth, coated tongue; when you are droopy, nervous, feel bloated after eating, and your food lies like a heavy lump in your stomach, you can make up your mind that at the bottom of all this there is one cause—stomach trouble.

Prove to yourself after taking a little Cooper's New Discovery, that your stomach is as good as any and there is nothing wrong with it. Stop this fermentation of food and begin eating what you want without fear of indigestion. Cooper's New Discovery tones up the system, puts the digestive organs in a healthy condition, rids the body of all poisons and excessive gas, makes rich, red, healthy blood, helps the liver and kidneys and makes life worth living. Go to your druggist right now and get a bottle, take three doses—one before each meal, and if you don't feel the immediate benefit of it, simply return the bottle to your druggist and get your money back. For sale at all druggists.
